

INDEX

*The references below are to section numbers
in Chapters 1-14, volume 1.
(Current to Release 2012-1)*

agricultural cases, 6.1, 6.1A, 6.1B, 6.1C

anti-dumping investigation, 1.4

bifurcated system, 13.1

brokers, traders and distribution networks, 6.3

Canada Border Services Agency (CBSA)

- complaint, 1.1
- composition of Canadian industry, 4.5, 4.5A
- initiating investigation, 4.1
- like goods, 4.1, 4.1A, 4.1B, 4.1C
- massive importations, 11.1
- preliminary determination, 4.1
- preliminary injury inquiries, 2.1
- subject goods, 4.1, 4.2

Canadian International Trade Tribunal (CITT)

- additional references, 1.7A
- bibliography, 1.7
- composition of Canadian industry, 4.5
- emergency relief, 1.6
- functioning, 1.2
- hearing procedures, 1.5
- investigation, 1.1
- jurisdiction, 1.2
- like goods, 4.1, 4.1A, 4.1B, 4.1C
- prescribed factors, 1.2
- production of like goods in Canada, 4.3
- safeguard inquiries, 1.6
- subject goods, 4.1, 4.2

causation factors. See injury and causation factors.

China imports, 14.2

INDEX

CITT inquiry procedures

- argument, aids to, 3.9
- confidential/protected records access, 3.5
- conflicts of interest, 3.2
- cross-examination, 3.3
- general, 3.1
- late filings of documents, 3.6
- other noteworthy cases, 3.2B
- participation in hearing, 3.3
- powers of Tribunal, 3.4
- precedent, 3.7
- standing (major proportion test), 4.4
- subpoenas, 3.4
- witnesses, 3.8

commodity-type products, 6.2

composition of Canadian industry, 4.5, 4.5A

cross-cumulation, 4.8, 4.8B

cumulation, 4.8

de-cumulation, 4.8

emergency import relief

- emergency action, 14.1
- global safeguards, 14.1
- imports from China, 14.2
- order in council inquiry, 14.3

exclusions

- country exclusions, 10.2
- generally, 10.1
- producer exclusions, 10.2
- product exclusions, 10.3

government subsidy programs, 5.17, 6.1B

import price matching, 5.16

importer behaviour, 6.3

injury and causation factors. *See also* injury due to factors other than imports, likelihood or threat of future injury, negative injury determinations.

- agricultural cases, 6.1, 6.1A
- brokers, traders and distribution networks, 6.3
- causation standard, 5.11
- commodity-type products, 6.2
- declines in industry capacity utilization, 5.6
- exchange rate factors, 5.13
- export performance, 5.9
- generally, 5.1
- global conditions, 5.12
- government subsidy programs, 5.17
- import price matching, 5.16
- import volume, 5.4
- importer behaviour, 6.3
- loss of market share, 5.4
- lost bids/project opportunities, 5.8
- lost sales, 5.4
- macro-economic data, 5.1A, 7.3
- material injury, 5.2
- price erosion, 5.5, 5.5A
- retardation of domestic production, 5.10, 5.12
- special cases, 6.1, 6.1A
- suppression, 5.5, 5.5A
- volume of dumped and subsidized goods, 5.14, 5.15

injury due to factors other than imports. *See also* injury and causation factors, likelihood or threat of future injury, negative injury determinations.

- alternate supply sources, 7.7
- business practices, 7.7
- cases of note, 7.9A
- design issues, 7.8
- domestic conditions, 7.2
- domestic producers' capacity to supply market, 7.4
- generally, 7.1
- internal financial difficulties, 7.6
- intra-industry competition, 7.9
- macro-economic factors, 7.3
- quality, 7.1

INDEX

- quality issues, 7.8
- rejects, 7.5
- secondary product, 7.5

interim review

- factors, 13.3
- generally, 13.1
- jurisdiction, 13.2

internal production, 4.6

International Trade Commission (U.S.), 1.3

like goods

- declines in financial performance, 5.3
- generally, 4.1, 4.1A, 4.1B, 4.1C
- production in Canada, 4.3

likelihood or threat of future injury

- export capacity, 9.3
- factors, 9.2
- foreign production, 9.3
- generally, 9.1

massive importations, 11.1

material injury, 5.2

merchant market, 4.6

Mexican goods, 4.9

negative injury determinations

- factors, 8.2, 8.2A
- generally, 8.1

negligible volume of dumping, 4.10

new developments, 3.10, 4.11, 5.18, 9.4, 11.4, 13.9

- Classes of Goods, 4.11A
- Cumulation, De-Cumulation and Cross-Cumulation, 4.11B
- Documentary Evidence in Inquires, 3.10

CANADIAN TRADE LAW PRACTICE AND PROCEDURE

- Expiry (Sunset) Reviews — Factors, 13.9
- Foreign Capacity and Export Potential, 13.9
- Foreign Production and Export Capacity, 9.4
- Impact of Domestic and Global Conditions, 5.18
- Overlap with Prior Findings, 4.11C
- Witnesses, 3.10

order in council inquiry, 14.3

post-finding issues

- massive importations, 11.1
- public interest investigations, *see* **public interest investigations**

preliminary injury inquiries, 2.1

public interest investigations

- generally, 12.1
- indicators, 12.3
- more than commercial interest, 12.2

regional markets, 4.7

safeguards. See emergency import relief.

SCM Agreement

- generally, 1.2, 1.3, 4.10
- magnitude of dumping, 5.15
- subsidy amount, 5.15
- termination of investigation, 4.10

standing (major proportion test), 4.4

stare decisis, 3.7

subject goods, 4.1, 4.2

sunset reviews

- causality, 13.8C
- exchange rate factors, 13.8B
- factors, 13.4
- foreign capacity, 13.5

INDEX

- global market conditions, 13.6
- likely price effects of dumped and subsidized goods, 13.8A
- rescissions of existing orders, 13.8
- refusal to hold reviews, 13.7

U.S. goods, 4.9

WTO Anti-dumping Agreement

- adjudications, 1.3
- Canadian trade remedy system and, 1.1
- magnitude of dumping, 5.15
- objective examination, 1.2, 1.3
- subsidy amount, 5.15
- termination of investigation, 4.10
