## Securities Law and Practice

*Securities Law and Practice Third Edition* provides the only textual treatment of securities law in Canada. Organized according to the *Ontario Securities Act*, the extensive commentary that follows each section interprets and explains the practical implications of the provision, in the light of rulings of the Ontario Securities Commission and court decisions from across Canada, as well as U.S. decisions. It also includes comparisons to the equivalent Acts of Alberta, British Columbia and Quebec. Comprehensive securities-related primary material from every province and territory, including legislation and securities commission regulatory and policy materials, makes this an essential work for practitioners and securities regulators in all provinces.

Release 2018-8 features new and updated Ontario and national policy documents.
